

Year 7 Catch up – Reading ages

Below is a more detailed look at the Year 7 Catch up impact with a focus on Progress in reading.

This is based on Accelerated reader data comparing the reading test at the start of the year with a final test at the end of the year.

The data will show the following:

- % of students who have made progress in reading.
- Breakdown of the progress into bands relating to number of months improvement.

Group	% Progress
All students	72% (16 of 22 Students)

Band breakdown

Band of Progress	Number of the 18 students
3 months progress	5 students
4-6 months progress	1 student
7-9 months progress	2 students
10-12 months	4 students
12 months+	4 students
