

Parent Bulletin

Friday, 15th July 2016

KING'S LYNN ACADEMY

Parentview:

We would like to advise you that you are able to give your views on the Academy to Ofsted via their parentview questionnaire, at any time – not just during inspections. We would encourage you to do this at:

www.parentview.ofsted.gov.uk

Dates for your Diary:

Wednesday 20th July – End of Summer Term

Monday 5th September – Start of Autumn Term

Attendance:

Whole school attendance is 94%, the National target is 95%.

Year group attendance since September is:

Year 7	94%
Year 8	94.7%
Year 9	92%
Year 10	90.3%.

House attendance since September is:

Nelson	91.5%
Cresswell	93.8%
Vancouver	94.1%
Macarthur	93.5%

As you can see that Year 7 and 8 have the best attendance this year. Next year we will have a trophy displayed in the Reception area for the highest Houses attendance, alongside a Trophy for the house with the most achievement points.

Many students have been awarded with pizza for 100% since Easter. They will have this on Tuesday or Wednesday during Seminar time.

Please be mindful that if you child has a medical appointment during school time this will affect their overall attendance but will be recorded as an authorised absence. They will not be at 100%.

Have a great weekend.

CEOPS (child exploitation online protection service):

Dear Parents

CEOPS (child exploitation online protection service) is an organisation dedicated to protecting children online and making children more aware of how to stay safe and how parents can help this to happen.

They have asked schools to share their latest information video with parents. This video is a clever idea with a serious message and I think it will stick with parents as a useful reminder. Be reassured, there's nothing of a disturbing nature on this clip:

http://www.thinkuknow.co.uk/parents/Romeo_and_Juliet

I encourage you to all watch this and follow it up with a conversation with your sons and daughters about their use of the internet, social media and mobile devices.

Best wishes
Craig Morrison

Literacy: Reading Books:

If you have any modern (in good condition!) reading books at home that you would be willing to donate to the school library, please bring them to Ms Scoles in CG7.

Please put a note in leaving your name, so a 'donated by' sticker can be put in the front of the book!

Many thanks
Ms Scoles
Director of Literacy

Library Books:

It would be appreciated if all KLA library books were returned by the end of this term.

Thank you for your support.

Mrs Bowles
KLA Learning Resource Centre

Year 7 Trip to Kings Lynn's:

As part of an Independent Learning Project on the last two days of term, Year 7 students will be completing a historic walk of King's Lynn, looking at the famous buildings of the town. As consent has already been given on admission for local trips, all students are able to attend. The trip will take place either on Tuesday morning, Tuesday afternoon or Wednesday morning, depending on which group they are in, but will be at KLA for lunch so there is no need to provide a packed lunch, although it may be sensible for students to take a drink with them (and hopefully sun cream). Full Academy uniform must be worn, but please ensure sensible shoes for walking.

Thanks
Miss Backham

Cashless Catering at King's Lynn Academy:

From September there will be some changes to our catering payment service. The minimum payment which can be made via ParentPay is now £5.00 and we would like to encourage as many parents as possible to use this method of funding lunch accounts. (If you need a reminder of how to pay by this method please contact the academy.)

Some students will be attending lessons at both KLA and KES so we will have a system which allows students to use both systems to add funds or to make purchases. This will entail re-registering the biometric details of all students; if you have already signed your consent for this it will not need to be given again.

Free School Meals will be accessed in the same way as at present – students will collect their lunch, up to a value of £2.10; then when they put their thumb on the reader it will automatically deduct the value of the meal from their daily allowance. If students want to spend more than their daily allowance they will need to have additional funds on their account.

There will be a zero-tolerance approach to accounts and if a student has no funds on their account they will not be allowed to make any purchases. Please ensure your child has enough money on their account to ensure they are not refused service. In case of emergency, students may ask their house head for a loan to enable them to buy lunch.

Some accounts are currently overspent which means they will roll into the new system as being locked until sufficient funds are added to clear the account; please ask your child to check their current balance before the end of term or check details through ParentPay.

Numeracy Ninjas:

The final scores for the end of this academic year at 15th July 2016 for this competition are:-

The winning House is CRESSWELL with 4305 points.

Second place goes to Nelson with 4227 points.

Third position is MacArthur with 4175 points.

And in final position this year is Vancouver with 3969 points. The final top ten individual forms are:-

M1 797

C2 771

V5 767

C5 761

N2 738

N5 726

V6 722

M5 721

V2 716

M2 712

I hope you have all enjoyed playing this new numeracy challenge this year. Congratulations and well done to the top 3 forms.

Wishing you all a great summer holiday.

Carolyn Fysh

Numeracy Co-ordinator

Miss McNeil

I am delighted to report at the end of a great term, which has included celebrating the success of many students here at the academy. In MacArthur reward assembly this week, I reminded students of the importance of skills such as Passion, Problem Solving and Creativity in order to have the best employment prospects in the future. The badges and postcards students are awarded are evidence of their skills, attitude and commitment. Vancouver reward assembly is on Monday where many more students will be recognised and rewarded for their 'over and above' contribution to King's Lynn Academy term.

I also announced in assemblies this week that I will be leaving King's Lynn Academy at the end of this academic year (although will still be here to run Summer School). For the last 3 ½ years my role has been sponsored by charitable trust, who have also contributed financially to the Enterprise specialism budget as a whole, and sadly my fixed term contract comes to an end in August. This has been an amazing 3 ½ years in terms of the opportunity it has given me to support a wonderful set of young people, and work with and support local businesses and organisations who have championed our students and the Enterprise Specialism at Kings Lynn Academy. I am immensely grateful for this opportunity as it has been so rewarding to support local businesses in seeking to address local skills shortages, and also enable them to inform and inspire students in terms of the opportunities that could await them when they leave education.

I mentioned in assemblies this week that I have spent the last 13 years (approximately!) working with young people and employers in a variety of roles, and what I can say with certainty, is that employers are looking for young people who can be effective contributors to the workplaces of tomorrow, and this does not begin and end simply with a set of academic results on a piece of paper. Decisions that influence employment and opportunities often rely on a young person's ability to show they are hardworking, determined, passionate, not afraid to make decisions, and can seek support when required. These are all skills and concepts I have introduced to staff and students at King's Lynn Academy, and I know they will stand students in good stead for happy and successful futures.

In reflecting on my time here, I thought it would be useful to include some comments from employers who have worked with our students. I think these reflect the impact the specialism has had on students and the employers who have supported them.....

Having worked hard and been around the world a few times, recently returning to King's Lynn, I am lucky enough to have been involved with the KLA entrepreneurship programme, its' great to see that the school, which is barely recognisable from my times, is such an inspiring place. Claire Johnson, Director Bon Bon Communications

The students were fully engaged in discussing their subject choices and career opportunities, and having initially discussed with them the variety of careers they were interested in, the students asked us some very important questions. Trevor Diack, Configuration and Control Manager from BAE Systems

The challenge really engaged the children and they were all very passionate when talking about their ideas. Laura was, as ever, passionate about ensuring that the children got the best out of the day. This really comes across in the delivery of the day. Jen Gosnell, Adrian Flux

You have some wonderful students and, without exception, every student I visited was involved and engaged with the task. Johanna Stek, Hayes & Storr Solicitors

Great day and what wonderful students you have at KLA, I thought that the attention paid during the talks by the students was fantastic. All in all though a great day, you've got fantastic students, keep on doing things like this for them and they will become fantastic people! Richard Jay, Millar West Office Interiors

Miss McNeil continued.....

When asked to help with mentoring at the King's Lynn Academy, I was thrilled as many of you may already know, this is my old secondary school. For me it is the opportunity to give a little back and if by mentoring, businesses can offer advice and help for when the young people leave school, it has to be worth it. The group of students I worked with were a pleasure to spend time with and 'mentor'. I just hope that they gained a little something from it. KLA is a great school that offers over and above support for students in preparing them for the real world and should be congratulated. I hope you all have a superb summer and thank you once again for the opportunity. Alan Taylor, Managing Director, Your Local Paper.

THANK YOU.....

I would like to wish all students and their families all the best for the next chapter of their learning and life progression. I hope students will continue to develop their enterprise skills in future study, and in the employment sectors they wish to succeed in. There has never been a better time to follow your passion, and I would encourage each and every student to make the most of every opportunity in future and wish them every success in achieving their goals. Parents are the most important influence on young people's aspirations, and your support with all aspects of Enterprise over the last 3 years has not gone unnoticed and is much appreciated.

I would also like to thank all the guests we have welcomed to the academy over the past 3 years, many from a wide range of employment sectors. This includes all the employers who have contributed to Inspire and Inform Events, this year and also guest speakers from the world of Aerospace, Health and Engineering who spoke to students earlier this term. These occasions give students an opportunity to reflect and consider what they would like to achieve in future, and are an invaluable part of academy life.

Miss McNeil

TOP 100

Well done to the following Top 100 students this half term, who are all going to be included in the iPad mini draw on the last day of term. The winner will be announced on the academy twitter page and website so good luck to all in the draw!

I hope you all have a wonderful summer break.

Alton Towers Residential Trip:

On the 11th and 12th July, KLA took a group of Y9 and Y10 students on a residential trip to Alton Towers. The trip was organised by the Maths department to include a maths seminar on the Tuesday morning.

Everyone was in high spirits and excited for two days of fun. On arrival at Alton Towers we dropped all our bags off at the hotel and everyone was able to enjoy a full day of thrills and spills at the park.

Despite the horrible rainy weather everyone still managed to enjoy themselves and were buzzing when we all reassembled for the evening meal. The 'Flambo's Feast' was excellent with such an amazing choice of menu. Certainly no one went hungry. The evening was spent in the hotel joining in quizzes, dancing, exploring the hotel or just relaxing in the bedrooms.

Breakfast on the Tuesday morning was again an all you can eat buffet, ranging from the traditional English breakfast, continental pastries through to fruit and yogurts etc. Again a wonderful choice setting everyone up for the day ahead. We attended our maths seminar where a few lucky students received some 'fastrack' tickets for some great answers to questions posed by the presenter. As soon as the seminar was over, the students were then free again to explore the park for the rest of the day. Luckily it was a dry day.

The trip was accompanied by myself, Mr Essex, Mrs Blade, Mr Endersby and Mrs Baker; without whose help, the trip could not have gone ahead. A big thank you to all of them.

So many positive comments and feedback have been given to me by the students. A really great couple of days filled with fun, friends and laughter.

Finally I must say an enormous thank you to all the students. Everyone behaved brilliantly. I am glad you all enjoyed the trip, and made some great lasting memories. You were a credit to yourselves and KLA. A very successful trip.

Carolyn Fysh
Numeracy Co-ordinator and Alton Towers trip organiser

New York Trip - 23rd-27th March 2017:

A visit has been organised for the Drama/Performing Arts students and ALL interested KLA students to take part in a visit to New York next year. There are limited spaces and they are being filled fast! To secure a place £100:00 deposit will need to be with Mr Hodkinson before the end of term with consent forms signed.

The price has been kept as reasonable as possible, namely £739:00 including coach, flight, hotel, drama workshop and Theatre tickets. Students will need a passport and visa (ESTA) \$14/£10:00. Spending money is also needed, of course and also money for meals whilst away.

The balance can be paid in one amount or smaller amounts as you choose, provided the final payment is made by February 2017 at the absolute latest.

Here is a sample of the itinerary but more details will be forth coming when a confirmed booking is made.

Day one

- Travel from School to London
- Flights from London to New York
- Meet coach and transfer to accommodation
- Evening meal at a local restaurant
- Evening in Times Square with street performers and artists

Day two

- Tour of Manhattan Island and the Statue of Liberty. (extra payment needed) £10:50
- Walk to the Financial District and Wall Street then onto
- 911 Memorial, gardens and fountains.
- Visit Century 21 department store for gifts and souvenirs.
- Watch a Broadway Show (to be confirmed)
- Evening meal at a local restaurant

Day three

- Visit Central Park and watch Street Theatre, walk along 5th Avenue, visit Grand Central Station
- Participate in a Broadway Workshop
- Evening meal at a local restaurant

Day four

- Morning Top of the Rock. 360 degree look at Manhattan (extra payment needed) £13:10
- Shopping, possibly visit the famous Macy's and get those last minute pictures.
- Transfer from accommodation to airport
- Flights back to London
- Arrive back in London on day five

Yours sincerely,

Tom Hodkinson
Drama teacher

Sutton Scholar's Trip Y10:

I had the pleasure of taking seven Year 10's to Cambridge last week. The visit was for them to sample university life and they certainly did this. We stayed in the Stephen Hawking's Lodge which was absolutely lovely. Once settled into our rooms we had a non-pub quiz, the staff came last!

The next day we enjoyed two lectures in such beautiful surroundings. The first lecture was about the animal minds and the research that goes on in Cambridge about how they are compared to human's minds. The second was about the solar system and the research that goes on regarding discovering new stars and planets, all very interesting. In the afternoon we visited the Dyson Engineering Centre where all the schools were given a challenge. They had to build a bridge out of materials offered to them out of paper, string, nuts and bolts etc. This was then put to the test on the machine for strength and durability, it all came down to the design in the end. The last two bridges to be tested were KLA's, unfortunately the machine decided to break but it was agreed by everybody that our boys' team had the strongest bridge so unofficially we were the winners.

After dinner that day we were taken down to the river and we went punting around Cambridge's beautiful sites, learning about all the different colleges that make up this beautiful city. The next morning we were up and ready for our next challenge which was a quiz around the centre of Cambridge and our challenge was to bring back the most inspirational present for a pound.

The second half of the morning we had a tour around the armoury in the Fitzwilliam Museum. The weather was very kind to us and we had the most enjoyable two days. I wish every Year 10 student could experience the taste of university life to show them that with hard work and determination it could be available to them in a few years' time.

Thank you to Henry Pooley, Scarlet-Lilli Cooke, Edward Drew, Kaitlyn Senter, Lucy-Mae Whitear, Millie Lines and Adam Obey for a lovely two days, they were a pleasure to be with.

Mandy Thomas

Nelson and Vancouver House update – Compiled by Mrs Germaney:

On Tuesday evening I had the pleasure of attending the Y7 and Y8 Diploma Awards Ceremony at The Corn Exchange. It was lovely to celebrate the success of all the students who have achieved their Diploma's, well done to you all!

I hope all of the students on the Harry Potter trip and the PGL trip have a wonderful time, what a lovely way to end the school year. I'm sure there will be lots of stories for them to tell when they return next week.

This week's assembly was led by Miss Tea (N6). The theme of the assembly was making memories and making your mark on KLA history. Miss Tea showed a short clip encouraging everyone to always get back up if you fall down and make the most of opportunities. It was then followed by a slideshow of photos showing the students doing various tasks/activities over the last school year, it was great to be reminded of the fantastic year we have all had!

It has been an honour to work with Nelson and Vancouver students this year and will be sad that I will not be working with all of them next year. From September I will be Head of KS3 (Y7 & 8) and although I will not be working as closely with Years 9, 10 and 11 I will always continue to support all students in any way I can.

Have a restful and enjoyable summer, let's hope the weather is kind to us all.

Nelson

Well done to Nicholas Bloom for having the most achievement points in a day, keep up the good work.

Student of the week nominations:-

- N1- Sarah Wren
- N2- Bradley Proctor
- N3- Silas Hozier
- N4- Dianna Barkane
- N5- Ana Almeida
- N6- Tayla Wilkinson

Well done Silas Hozier, nominated for always taking part in form activities and being a pleasure to have in form.

Thank you to all of the Nelson students for being student receptionists this week.

Vancouver

Well done to Joe McNulty for achieving the most achievement points

Student of the week nominations:-

- V1- Samanta Grinevic
- V2-Katie Rump
- V3-Reuben Webster
- V4- Ryan Johnson
- V5- Hannah Eke
- V6- Isabella Clack

Congratulations to Samanta Grinevic, nominated for outstanding effort across school, especially with reading.

Vancouver students will be student receptionists next week

Have a lovely weekend!

Cresswell and MacArthur House update – Compiled by Mrs Defty:

It has been an exciting and busy end to the academic year with visits, trips and rewards.

I would like to take this opportunity to say thank you to all the students, form tutors, teachers, staff, parents and carers for all your support and hard work over the year. I truly believe that by working as a team we can ensure our young people achieve and become the very best they can.

I had the pleasure of being with many of our Year 7 and 8 students at the College of West Anglia Academy Trust Diploma Awards Ceremony on Tuesday evening at the Corn Exchange. Congratulations to all as they were awarded certificates and badges in recognition of their hard work. As well as the staff from the three schools present we were joined by the students' very proud families. A special mention to Megan Golding and Georgia Dix who were awarded trophies as Diploma Champions.

Cresswell and MacArthur students had their final house assembly on Wednesday. This was our reward assembly and many students were presented with badges and or high street vouchers. Special reward vouchers were given to the students who have the most achievement points this academic year. The top seven were chosen and I am pleased to say six of these were from Cresswell and MacArthur. The students were:

Misela Matisone	565 points
Dareks Knospe	540 points
Jack Dixon	529 points
Megan Golding	484 points
Brianna Stebbings	477 points

The draw for the mini iPad will take place at the whole school assembly next week. Good luck to the 32 students from Cresswell and the 25 from MacArthur who will be in the draw as students in the top 100 for achievement points. I must thank Miss McNeill who has organised these assemblies and prizes for over three years. We all wish her every success as she moves on to pastures new.

Final nominations of the year for Student of the Week:

Cresswell

- C1 Brodie Pitkin - Has a mature attitude to her lessons and preparing for her exams.
- C2 Lucy White - Taking charge of presentation of C2's work about Wales last Thursday.
- C3 Josh Richardson - Great improvement during form time.
- C4 Sophie Cole - Never any issues. Her patience must be appreciated.
- C5 Shannon Goodbourn - Working hard, just a lovely student.
- C6 Harvey Shipp - For always trying hard even if he finds it difficult.

The lucky winner is Lucy White.

MacArthur

- M1 Megan Barnes - For putting together our winning presentation for M1
- M2 Charlie Hammond - For his work on the Euro 2016 project and for being a thoroughly decent person.
- M3 Tegan Crouch - Tegan was really enthusiastic about the Euro display and was a great help when setting it up.
- M4 Charlotte Marks - Always thoughtful and helpful.
- M5 Megan Barraclough - Megan is a delightful member of the form and always wants to help. Megan helped me lots when I took over the form and made my transition very easy. Megan is a student who applies herself to every task she tries. A good year, well done.
- M6 Bethany Ross – Quietly gets on with everything and everyone.

Winning from MacArthur is Megan Barnes.

Well done to all who were either nominated or awarded "Student of the Week" throughout the year. It is a testament to your hard work and progress.

Christopher Warren, Cresswell House was among students with the highest achievement points this week.

Although it is some time away please mark the 30th of September on your calendar. We would like as many of you as possible support our Macmillan Coffee Morning.

Have a good summer.

Children's Activities and Services in West Norfolk

Summer 2016

Family Information Services: Can provide information on childcare and out of school activities plus a range of other services and information for families: www.norfolk.gov.uk/fis 0344 800 8020
